**Subject:** Re: Wisconsin LAR Conference Call

Hi Jim. I had one follow-up item to the responses from Robin. For Issue 56, we erroneously stated that 283.37(5) should be included on the form instead of 283.37(6).

Robin also indicated using the "Duty to Provide Information". I suggested using 283.37(6), which gives WDNR the authority to request any information about a discharge (and was cited in the June 23 letter to EPA). Could you let me know which option WDNR intends to use?

Thanks and have a nice weekend.

Quintin & Brian – Similar to the responses provided to EPA by Robin Nyffeler on other issues, attached are the draft responses to the storm water LAR questions for our discussion on Thursday, Sept. 22 at 9:30. Please share these on your end with others from EPA who will be participating. Jim

EPA conducted a review of NPDES rules and statute revisions submitted to EPA in March of this year. The conference call will focus on questions developed by EPA related to our review of stormwater related issues. During the call there will be time for discussion and response to questions that will assist EPA in making determination as to whether the submissions resolve issues identified in the legal authority review. Attached for your reference is a copy of the questions previously emailed on 9/6/2016. Please forward any questions regarding this matter to Quintin White, (312) 886-0135.
